# WORLDWIDE SERVICES

## THINK GLOBAL, ACT LOCAL

### About Worldwide Services

Founded in the United States in 2004, today Worldwide Services lives up to its name with an impressive global footprint, including two European offices in the UK and Netherlands.

Expertly serving European clients in the United Kingdom, the Netherlands, Germany, Austria, Switzerland, Italy and Spain, WWS works with a variety of clients to improve and optimize the way they do business across the continent and the world.

- + 2 Dedicated European Offices
- + 1,200+ Global Technicians
- + 800+ Stocking Locations

## EUROPEAN EXPERTISE, SO YOU DON'T HAVE TO

With varying rules and regulations across EU borders, procuring and deploying world-class managed IT services and products can be tricky without the guidance of experts.

- + Whether you've **built** your business in **Europe**
- + Or you're **expanding** across the continent
- + You're going to need **expert advice** on everything from **tax legislation** to Cisco **licensing**

At Worldwide Services, **we have made it our business** to understand these local laws, taking the hard work of mastering these **ever-changing rules** and integrating them into our **top-tier solutions**. Working with dozens of businesses across Europe, we've earned trust and built a reputation for our professionalism and savvy.

Honeywell - "Worldwide Services has been a great partner to work with because of exceptional availability, as well as their continuous and consistent follow-up. They provide great coverage and deliver solid tracking of all our projects/requests".

## MAKING BUSINESS, BETTER

Our team of IT experts are on standby, ready to help you **problem solve quickly** or **strategize** for the future.

- + Local supplier can't deliver?
- + Missing proper licensing?
- + Wondering if your architecture is correct?

WWS has the tools and expertise to get you back up and running quickly and set you up for success. In fact, just give us a call right now.
